Hi Tanya,

Good to talk with you today. Here are the small mine rules, specifically the required Reclamation Practices. The reference to land use is R647-3-109.5. Revegetation rules are at 109.13: <http://www.rules.utah.gov/publicat/code/r647/r647-003.htm#T9>

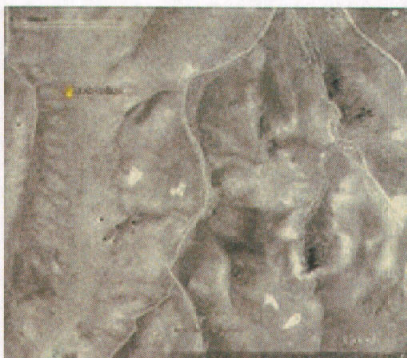

Attached are the pre-mining (pre-permit) and current aerial photos that show mostly grazing/wildlife habitat with some minor excavation as the pre-mining land use.

Don't ever hesitate to call if you have questions, especially with a future shift to the large mining operation.

Peter
